

APEX FORTIS GROUP, LLC

CAPABILITIES STATEMENT

CHANTILLY, VA

Apex Fortis Group LLC (AFG) is a small, minority-owned business providing the Federal Government with dependable, mission-focused contracting and subcontracting services through a network of vetted local partners. AFG is actively pursuing formal small business and minority certifications to expand its eligibility for federal programs while continuing to deliver high-quality, compliant, and cost-effective solutions.

AFG specializes in facilities support, sanitation, and logistics operations, ensuring every project is executed with precision, reliability, and accountability. Our leadership brings extensive experience with their overseas assignments in supporting U.S. Department of State missions in Pakistan, Nigeria, Oman, Equatorial Guinea, Abidjan, and other OCONUS missions, as well as coordinating NATO exercises in Norway and Spain as a U.S. Army Officer. This background allows AFG to operate effectively in complex environments where timely execution and adaptability are critical.

With the company's highest employee clearance level being an active DoD TS/SCI, AFG upholds the trust, discretion, and operational integrity required for sensitive government work. We understand that in federal operations, being on time is everything, and we ensure that every service performed through our subcontracting partners meets strict standards for schedule, quality, and mission success.
